

the

CROWN

CRUER

HERE IT IS !

John Bachman - Feature Editor

It has been the thought of many for some time that CROWN needed a newsletter for its employees. The prime reason being communication. It has been noticed that communications travel through the shop, but are sometimes distorted upon reaching the final ear.

A good example might be Richard McCreary. If you were to actually get close enough to him, you might notice that he has six teeth contrary to the rumor of only three. This is one type of communication THE CROWN CRIER wishes to remedy.

There are other news the "Crier" wishes to deal with: those of the goals set forth by the company; civic functions of interest to the employees; and just plain "what's going on at CROWN"?

Because the newsletter will only be as good as you want it, we need your help. Let your supervisor know about news, stories, especially your pros and cons. If you want a newsletter, "here it is" !!!!

Bounders respnsible:

John Bachman, Feature Editor
Phillus Gates, Production Chief
John Miller, Escapee
Richard McCreary, Slave

Many others have contributed their time to see that this issue was turned out. Also, almost all of the work was done on the employee's own time.

Larry's Idea

We want to give a "thank you" to Larry Jackson for his effort in creating the front page layout.

Social Note

Tom Szerencse is setting up a technical trip to I & M's Twán Branch substation in Osceola on May 21, at 7:30 pm. Any interested persons should see Tom.

To Bruce Barrett
by Sylvia Miller

They cut down on our overtime for quite a while
Hope you are doing fine, we miss you - Smile.

Zelma's got her line working with all their might.
You ought to hear them when it comes night.

Then there is Lois C.
with her new car
Let me tell you
It shines like a star.

Now there is Ron H, he works so hard he is a wreck
There are times he feels like wringing my neck.

Now here's Richard - he growls like a bear
Sometimes I wish
he wasn't there.

Progress -- By the Production Department

There are many new programs in progress at this time. One is the paper-work flow. We are looking forward to the review of the "SUCCESS" of our program

MURDOCK'S MUD

This is the Numero Uno of a potentially great weekly, which I'm sure will win the coveted Peabody Award for best news reporting. I thought a short tour of the front offices, as we are referred to, would be in order. This edition will contain only a few of the many people who make the pressing decisions of management. Since some people - being new - do not know what other people's jobs are, listed below are a few glowing personalities and their jobs:

JOHNNIE BRYANT -- Delivery Boy

(I can see right now you ain't believ'n that) O.K. - Delivery Girl.

ARLINE BONTRAGER -- Head Watchdog, Chief-of-Smoke, new recruit for the insurance underwriters as a test driver to determine crash characteristics of Chevy Malibu's.

JOHN HAINES -- Commonly referred to as "hey you", Service Manager, the advertising Honcho, Ye Ole Cabinet Maker, Itinerate soft drink salesman, part-time brain surgeon.

FRANK STROEMPL -- Premier Buck Passer, Regional Sales Manager, Model for the Robert Benchly Look.

Well Kiddies, I am afraid that all _____good _____bad things must come to an end. (Please fill in blanks.)

Tune in next time for another thrilling sequence in the lives and loves of the CROWN Klan. Remember the CROWN Motto, (Write this down for future reference) "If it's worth doing well, it ain't worth doing!"
WOW!!!! What a bummer!

in the Assembly - Tech departments. Here's hoping for less effort for more information.

A Puzzle from Engineering

A rope over the top of a fence has the same length on each side. The rope weighs $\frac{1}{3}$ lb per ft. On one end hangs a monkey holding a banana, and on the other side, a weight equal to the weight of a monkey. The banana weighs 2 oz/in. The rope is as long as the age of the monkey, and the weight of the monkey (in oz.) is as much as the age of the monkey's mother. The combined ages of monkey and mother are thirty years. $\frac{1}{2}$ the wt of the monkey, plus the weight of the banana is $\frac{1}{4}$ as much as the weight of the wt and the wt of the rope. The monkey's mother is $\frac{1}{2}$ as old as the monkey will be when it is three times as old as its mother was when she was $\frac{1}{2}$ as old as the monkey will be when its as old as its mother will be when she is four times as old as the monkey was when it was twice as old as its mother was when she was $\frac{1}{3}$ as old as the monkey was when it was as old as its mother was when she was three times as old as the monkey when it was $\frac{1}{4}$ as old as it is now. And, HOW LONG IS THE BANANA ??

Production Office Again

Our Corporation has experienced another year of phenomenal growth, both in sales and in production. Preliminary figures show an increase in our production rate. Only through the effort of everyone working in harmony could we have hit this mark. It is with confidence that we look toward the coming fiscal year produce "Quality in Quantity". Due to the uncertainty of our economy, we must be prepared to adjust to our sales needs. However, we are anticipating another great year together.

Service is growing too!

The Service Dept. now has added an amp checkout bench. This means that servicing amps will now get a primary attention instead of a fill-in for production.

See, it can be done!!!!!!

Ping-pong Tourney

On training for future diplomats -

RULES

- 1) All employees of CROWN International will be eligible to play. The only requirement is you must have worked here sometime during your stay.
- 2) There will be two divisions, good and bad! Scratch that idea and make it "men and women".
- 3) The match will be held during the week of June 1-4, beginning on Tuesday because of the paid vacation of Memorial Day on Monday.
- 4) There will be five points awarded per game won at the end of competition. For the highest percentage of possible points (be it he or she) goes the title of VICTOR.
- 5) All persons willing to try and compete are to register with Tom Szerencse before May 24, 1971.
- 6) If an entry fails to show, the points will automatically be disposed of by the judges stand.
- 7) All odd occurrences will be disposed of by the judges.
- 8) The "SuperStar" will be awarded an official ping-pong trophy to hold until the next tourney. The trophy is on display at the Amp Line.

Good luck to all! No, you can't bring your own net!!!!!!!

Society Section

Rachel Eger's kid is getting married on June 5 and Tim Reynolds is giving up a great lifestyle on July 10.

Arlene (the egg lady) Mishler is waiting for "burnt orange" car to arrive. Burnt Orange ?!

Praise is something that an employee can take home with him.

Edsel Murphy didn't know what he's started.

The following article by Ron Harner is an example how one of the persons in the organization spends their free time. We hope that more people in the future, share their experiences with us:

"APPROVED WORKMEN ARE NOT ASHAMED"

Boys and girls are Americas greatest investment. The most fruitful ministry of the Church is telling boys and girls about God's plan of salvation, building them in the Word, and pointing them to their place in God's program. This is why the AWANA Clubs were started.

The AWANA Club is a weekly program consisting of a flag ceremony, game and recreation period, tribe time, announcement time, and Bible council time. The AWANA program can be used by many different denominations since it doesn't go into church doctrine. Boys and girls can come from other churches (in the area) and participate without loosing out because they don't attend the church with the AWANA program. This also holds true for Catholic boys and girls because all verses that the AWANA program uses are found in the Catholic Bible.

The boys and girls are divided into various groups. For example, the boys groups are pals (eight-ten), pioneers (eleven-thirteen) and pilots (fifteen-eighteen). Then a name is given to each age group. Pals are classified as Hunters, (eight); Braves (nine) and Warriors (ten).

Each boy and girl that comes to an AWANA Club is assigned a color (red, blue, green gold) during game time so that team points can be awarded to each group. For an example: Blue Pals, Red Pals, Green Pals or Gold Pals. Points are given for wearing the AWANA uniform, reciting a section in the AWANA book, bringing their books, and of course for each game they win.

Much could be stated about the boys and girls handbook, but to make it simple, it consists of sections to be passed by memorization. The book sections are divided into Rank, Drills, and Crafts. As a boy or girl passes their mark, they receive their rank insignias to wear on their uniform. As they pass the crafts and sword drills they receive the achievement bars to be worn on the uniform.

It takes church workers to organiza and run a good AWANA program. Our AWANA program is three years old. Last year we had two hundred boys and girls. This year we have four hundred. We have seventy adults active in the program. What better way to show boys and girls about God's plan of salvation; and boys and girls are interested. Their number shows it. II Timothy 2:15 "Study to show thyself approved unto God, a Workman that needeth not to be ashamed, rightly dividing the word of truth." (AWANA)
